SIX VARIATIONS ON SS  
Sculptural Chairs

A row of six arches made of a reflective, metallic material, possibly brass or polished steel, set against a dark gray background. The arches are uniform in size and shape, creating a rhythmic pattern. The text "ARCH SERIES" is centered over the middle arches in a white, sans-serif font.

A dark brown, wood-grained graphic element is centered on a solid grey background. The graphic consists of a central, irregular shape with three circular cutouts. The cutouts are positioned at the top-left, bottom-left, and right. The wood grain is visible throughout the graphic. The text "SLICE ME UP" is written in a white, bold, sans-serif font, centered horizontally and vertically within the graphic.

A 3D rendering of a chair constructed from yellow, rectangular blocks. The chair features a tall, narrow backrest, a wide, flat seat, and four legs. The blocks are arranged to create a sense of depth and perspective. The background is a dark, solid color, and the lighting is soft, casting a subtle shadow on the surface below the chair.

## PIETRO FRANCESCHINI

Architect // Designer

An architect and designer based in New York and Florence, Franceschini founded PF|Studio, an interior and furniture design practice in 2020. He applies a contemporary design vocabulary to a classical Italian sensibility. Irreverent and emotionally impactful, Franceschini's furniture reflects his desire to combine playful energy within sophisticated, timeless elements. A resolutely twenty-first century designer, he imbues his work with questions about reality, functionality and digital illusion.

After receiving architecture degrees from Università degli Studi di Firenze and from Pratt Institute, Franceschini has collaborated with Leeser Architecture in Brooklyn, Claudio Nardi in Florence, Laisne Roussel in Paris and Carlo Ratti Associati in New York.
