## **PIETRO FRANCESCHINI**

Architect // Designer

An architect and designer based in New York and Florence, Franceschini founded PF|Studio, an interior and furniture design practice in 2020. He applies a contemporary design vocabulary to a classical Italian sensibility. Irreverent and emotionally impactful, Franceschini's furniture reflects his desire to combine playful energy within sophisticated, timeless elements. A resolutely twenty-first century designer, he imbues his work with questions about reality, functionality and digital illusion.

After receiving architecture degrees from Università degli Studi di Firenze and from Pratt Institute, Franceschini has collaborated with Leeser Architecture in Brooklyn, Claudio Nardi in Florence, Laisne Roussel in Paris and Carlo Ratti Associati in New York.
